

SULPHUR

EAST AFRICA SUPPLY BROCHURE

High-Purity Sulphur | Granular, Lump, Powder & Pastilles |
Packed, Jumbo & Bulk Supply

Kenya | Tanzania | Uganda | Rwanda | Ethiopia | Somalia Corridors

Aurelian Capital supplies high-purity sulphur into East Africa for agriculture, industrial processing, chemicals, and mining applications. Through our reliable global origin networks and dependable logistics, we deliver consistent quality and supply security to support the region's growth and industrial advancement.

SOURCING & RECOVERY PROCESS

Aurelian Capital sources sulphur from trusted global energy and industrial streams. Through advanced recovery and processing partners, we ensure consistent quality, secure packing and reliable dispatch to customers across East Africa.

Natural Gas /
Refinery Feed

Recovered
Sulphur

Middle East /
CIS

1
FEED GAS / REFINERY
SOURCING

Sulphur-bearing feedstocks are sourced from refineries or gas processing facilities.

2
ACID GAS TREATMENT

H₂S-bearing streams are separated and conditioned for efficient sulphur recovery.

3
SULPHUR RECOVERY UNIT
(CLAUS PROCESS)

H₂S is converted into elemental sulphur through the Claus process or equivalent technology.

4
DEGASSING &
PURIFICATION

Molten sulphur is degassed and purified to remove entrained gases and impurities.

5
SOLIDIFICATION /
GRANULATION / PASTILLATION

Molten sulphur is converted into granules, prills or pastilles in standard sizes.

6
SCREENING / COOLING /
QUALITY CONTROL

Product is cooled, screened and tested for particle size, moisture and purity to meet specifications.

7
PACKING IN 50 KG BAGS,
1 MT JUMBO BAGS OR BULK

Finished sulphur is packed in 50 kg bags, 1 MT jumbo bags, or loaded in bulk to customer requirements.

8
DISPATCH TO EAST AFRICA

Product is dispatched via road, container, port or bulk-vessel logistics for timely delivery to East Africa.

WHY THIS MODEL WORKS

- ✓ Reliable global origin access
- ✓ Consistent purity and traceability
- ✓ Flexible packaging and shipment formats
- ✓ Strong quality control and SGS inspection support
- ✓ Efficient delivery into East Africa

PRODUCT QUALITY, SPECIFICATIONS & COMPLIANCE

High-Purity. Buyer-Ready. Industrial-Grade.

Aurelian Capital supplies high-purity sulphur from trusted producers worldwide. Every batch is subject to rigorous quality control and laboratory testing to ensure consistent purity, industrial-grade performance, and full compliance before shipment.

TYPICAL QUALITY SPECIFICATIONS

Parameter	Contract Limit	Typical Value
Form	Granular Solid	Solid
Purity (% wt)	Min 99.50	99.90–99.99
Ash (% wt)	Max 0.05	0.002
Moisture (% wt)	Max 0.50	0.130
Carbon (% wt)	Max 0.05	0.001
Acidity (% wt)	Reportable	<0.001
H ₂ S (mg/kg)	Reportable	2.6
Arsenic (mg/kg)	Reportable	<1
Selenium (mg/kg)	Reportable	<1
Tellurium (mg/kg)	Reportable	<1

EAST AFRICA IMPORT & QUALITY READINESS

- ✓ Certificate of Analysis (COA)
- ✓ Commercial Invoice
- ✓ Packing List
- ✓ Bill of Lading
- ✓ SGS / Quality Certificate
- ✓ Certificate of Origin
- ✓ Alignment with buyer or destination requirements

We ensure all documentation can be aligned to destination-market requirements for smooth customs clearance and compliance.

DESIGNED FOR MULTIPLE END USES

FERTILISER & CROP NUTRITION

Essential nutrient for healthy plant growth, soil fertility and balanced crop yields.

SULPHURIC ACID & CHEMICALS

Key raw material for sulphuric acid production and a wide range of industrial chemicals.

RUBBER & INDUSTRIAL PROCESSING

Used in vulcanization and manufacturing processes to enhance performance.

MINING & METALLURGY

Supports mineral processing and metallurgical operations across various applications.

The values shown are indicative typical ranges only. Final contractual quality is governed by the mutually agreed specification and the Certificate of Analysis (COA) issued for each shipment.

PRODUCT FORMS & GLOBAL ORIGIN NETWORK

Multiple Sulphur Forms. Flexible Sourcing.

Aurelian Capital sources sulphur in multiple physical forms to meet diverse industrial requirements. We work with a trusted network of suppliers and producers across key global origins, ensuring consistent availability, quality, and flexible shipment options tailored to your application and logistics needs.

KEY PRODUCT FORMS

GRANULAR SULPHUR

Free-flowing and easy to handle. Ideal for fertilizer production and general industrial applications.

LUMP SULPHUR

Larger solid form suitable for selected industrial processes and specialized applications.

CRUSHED / POWDER SULPHUR

Reduced particle size for easier blending, reactivity, and processing efficiency.

PASTILLES / PRILLS

Uniform formed particles for efficient handling, storage, and controlled application.

MOLTEN SULPHUR

Bulk liquid form for continuous processes and specialist industrial customers.

KEY SOURCING ORIGINS

MIDDLE EAST (Oman / UAE)

Reliable production hubs with strong export infrastructure and consistent trading availability.

CIS

Established supply routes with competitive volumes and proven export capability.

OTHER APPROVED ORIGINS

Access to additional qualified sources based on client requirements and market conditions.

FLEXIBLE PRODUCT FORMS

Multiple sulphur forms to suit various industrial and handling requirements.

QUALITY SCREENING & PACKING

Rigorous quality checks and secure packing for product integrity.

GLOBAL TRADING ACCESS

Strong supplier network and trading reach across key sulphur markets.

EFFICIENT PORT-TO-CUSTOMER LOGISTICS

Coordinated logistics from port to final destination for timely delivery.

END-TO-END SUPPLY & DELIVERY FLOW

1. PRODUCTION / RECOVERY

Sulphur is produced or recovered to high-quality standards.

2. QUALITY CONTROL

Sampling and testing ensure compliance with specifications.

3. PACKING / BULK LOADING

Packed in bags or loaded in bulk according to customer requirements.

4. PORTS & SHIPPING

Efficient port handling and ocean freight management.

5. DELIVERY TO CUSTOMER

Timely delivery to site or facility with full logistics support.

EAST AFRICAN INDUSTRIAL & AGRICULTURAL APPLICATIONS

Sulphur. Essential. Versatile. High-Value.

Sulphur is an essential input used across a wide range of agricultural and industrial applications. From improving soil health and crop yields to enabling critical chemical processes and mineral recovery, sulphur drives productivity, efficiency, and long-term value across East Africa's key sectors.

1 FERTILISER BLENDING & CROP NUTRITION

- ✓ Supports sulphur-deficient soils
- ✓ Improves nutrient efficiency
- ✓ Widely used in NPK and soil amendment programs

2 SULPHURIC ACID PRODUCTION

- ✓ Core feedstock for industrial acid production
- ✓ Enables downstream chemical processes and applications

3 MINING & METAL LEACHING

- ✓ Used in metallurgical and mineral processing
- ✓ Supports metal extraction and ore beneficiation

4 RUBBER & TYRE MANUFACTURING

- ✓ Used in vulcanization and rubber processing
- ✓ Contributes to durability, strength and performance

5 INDUSTRIAL CHEMICALS & PROCESSING

- ✓ Feedstock for detergents, intermediates and specialist industrial uses
- ✓ Enables a wide range of chemical manufacturing applications

• WHY SULPHUR? •

High-purity tradable product

Multi-sector demand

Flexible packed or bulk delivery

Strong industrial relevance

Reliable supply into East Africa

PACKAGED FOR QUALITY. DELIVERED WITH CARE.

From origin to destination – safely, efficiently and on time.

Aurelian Capital offers flexible packing and shipment formats tailored to the needs of traders, fertilizer blenders, industrial buyers, and distributors. Our packaging ensures product integrity, safe handling, and efficient logistics across East Africa and beyond.

STANDARD PACKING OPTIONS

- 25 KG or 50 KG PP woven bags
- 1 MT jumbo bags
- Bulk in vessel or truck where applicable

RECOMMENDED STORAGE

- Store in a cool, dry, and well-ventilated area
- Keep off the ground on pallets
- Protect from contamination and moisture

SHELF LIFE GUIDANCE

- Stable when properly stored
- Follow first-in, first-out stock practice

DISPATCH OPTIONS

- 20FT / 40FT container shipments
- Bulk deliveries
- Road freight to inland destinations
- Flexible scheduling

RELIABLE DELIVERY ACROSS EAST AFRICA

- Kenya
- Tanzania
- Uganda
- Rwanda
- Ethiopia
- Somalia corridors

PORT HANDLING

WAREHOUSE & INVENTORY

From secure packaging to efficient delivery, Aurelian Capital ensures your sulphur arrives on time, in perfect condition, and ready to perform.

EAST AFRICA IMPORT DOCUMENTATION & STANDARDS

Complete Compliance. Smooth Clearance. Assured Quality.

Aurelian Capital supports sulphur deliveries with accurate and compliant export documentation aligned to buyer and destination requirements. Our processes ensure smooth customs clearance, regulatory compliance, and on-time delivery across East Africa.

BUYER-READY EXPORT DOCUMENTATION

CERTIFICATE OF ANALYSIS (COA)

Confirms product composition and quality compliance as per agreed specifications.

COMMERCIAL INVOICE

Provides transaction details including product, value, terms and parties.

PACKING LIST

Details packaging, quantities, weights, and pallet/container information.

BILL OF LADING (SEA) / AIR WAYBILL (IF APPLICABLE)

Issued by carrier to confirm shipment receipt and terms of carriage.

CERTIFICATE OF ORIGIN

Verifies the country of origin for customs duties and trade compliance.

SGS INSPECTION / QUALITY CERTIFICATE

Third-party inspection and certification for quality and compliance assurance.

ANY BUYER-SPECIFIC OR REGULATORY DOCUMENTS

We provide any additional documents required by the buyer or destination authority.

PACKAGING & TRACEABILITY

- ✓ 25/50 KG bags, 1 MT jumbo bags, or bulk format
- ✓ Clearly marked product name, batch/lot number, net weight and origin
- ✓ Full batch traceability
- ✓ Secure shipment handling and sealing

CUSTOMS CLEARANCE SUPPORT

- ✓ Pre-shipment document review
- ✓ HS code and invoice alignment support
- ✓ Liaison with clearing teams where needed
- ✓ Coordinated inspection and release updates

STANDARDS & QUALITY ASSURANCE

- ✓ Alignment with contract specifications
- ✓ Regular testing for purity, ash, moisture and related quality factors
- ✓ Continuous monitoring across the supply chain

TRANSPARENT. TRACEABLE. TRUSTED.

On-Time Delivery

WHY PARTNER WITH AURELIAN CAPITAL

Dependable supply. Flexible execution. Trusted delivery.

Aurelian Capital combines global sourcing access, quality control, commercial flexibility, and proven East African logistics capability to deliver high-purity sulphur that meets your specifications and your timelines.

DEPENDABLE SUPPLY

Consistent availability from trusted sources with strong inventory and planning disciplines to meet your requirements.

GLOBAL ORIGIN ACCESS

Direct access to reliable sulphur producers and refiners across multiple regions worldwide.

FLEXIBLE PRODUCT FORMS

Available in granular, lump, powder & pastilles to suit your process and handling preferences.

QUALITY ASSURANCE

Rigorous testing, SGS inspection support, and strict adherence to agreed specifications.

**Your trusted partner
for high-quality sulphur
delivered reliably across
East Africa.**

COMPETITIVE COMMERCIAL TERMS

Transparent pricing and flexible commercial terms designed to create win-win partnerships.

CUSTOMISED PACKING

Packaging tailored to your needs – 50 kg bags, 1 MT jumbo bags, or bulk – with private label options.

RELIABLE LOGISTICS INTO EAST AFRICA

Proven logistics network and local partner reach ensuring timely and cost-effective delivery.

FLEXIBLE PAYMENT STRUCTURES

- 100% Bank Guarantee
- 100% Letter of Credit (LC)
- 50% Cash Deposit + 50% CAD

Indicative commercial structures subject to agreement.

SUPPORTING INDUSTRY

Enabling industries to operate and grow.

RELIABLE QUALITY

Quality you can trust, every time.

BUILDING SUPPLY CHAINS

Strengthening connections. Delivering value.

STRENGTHENING EAST AFRICA

Creating opportunities. Driving progress.

CONTACT & ENQUIRIES

**We are ready to supply.
Let's grow East Africa together.**

Aurelian Capital is your trusted partner for high-quality sulphur, supplied through reliable global origin relationships and delivered with consistency and care across East Africa.
